METHODOLOGY

The Condé Nast Traveller Readers' Choice Awards survey was made available through a secure website at cntraveler.com/vote. This year's tabulation of results from thousands of respondents who submitted ratings during the period of 1 April and 30 June 2022 was done by Condé Nast. The questionnaire contained lists of candidates in various categories (Hotels, Resorts, Airlines, Cities, Islands, etc.). Candidates must have received a required minimum number of responses and a minimum overall rating to be eligible for a Readers' Choice Award. Candidates are judged on a set of criteria relevant to their category, based on a standard five-point scale converted to a percentage: excellent, very good, good, fair and poor. The average of these ratings determined their final score based on four decimal points, with two decimal points being published. For example, a score of 99.54 for The Connaught hotel in London represents the average ratings it received from respondents for all criteria relevant: rooms, service, food, design, location and activities/facilities - plus, this year, cleanliness, community, concierge, experience, safety, accessibility and remote working. EDITED IN THE UK BY RICK JORDAN
