Le Grand Mazarin

When: Early 2023

Where: Paris

Why We're Excited: The first city hotel from Maisons Pariente, the family-run hoteliers who create charming hotels in popular French destinations, is in the always-chic Marais near Hôtel de Ville. Martin Brudnizki continues to dominate the global hotel design scene, here transforming historic buildings into 61 stylish rooms and suites with decor that transports guests back in time. Also alluring will be a striking swimming pool and an underground bar.
