Hotel update: Global round-up

1 Jul 2018 by BusinessTraveller

Crillon Le Brave, France

Though the Crillon Le Brave is not a new hotel, its recent management change and ensuing renovations have given it a fresh appeal. This high-class destination is located at the foot of Mont Ventoux in the Vaucluse region of Provence. Though the renovation is a work in progress, with more changes to be made while it is closed for winter and due to be finished in 2019, the hotel has reopened from summer 2018 with refurbished facilities.

The newly improved Crillon Le Brave will offer 36 guestrooms and suites, a spa and two restaurants. There will be two brand-new villas, each with four bedrooms, two suites and private pools. Prices start from around £300, and include breakfast.
