[Maisons Pariente](#) currently has three 5 star boutique hotels in France. Opening in early 2023, will be the luxurious [Le Grand Mazarin](#) in Paris. Le Marais is a favored neighborhood beloved by both Parisians and travelers from around the globe.

Le Grand Mazarin is located on the corner of rue des Archives and rue de la Verrerie. Thus, in the heart of the Paris bustle, the property perfectly reflects the values of Maisons Pariente. Plus, the new luxury hotel will be close the Hôtel de Ville and near the Seine River.

Le Grand Mazarin invites its guests to fully experience Paris and enjoy the cultural history of the French capital city. The Le Marais area has crossed the centuries to become the epicenter of new trends, both visionary and cosmopolitan. It evokes creativity and is active both day and night.

The interior design is inspiring and elegant. The hotel's decor is from the imagination of internationally renowned Swedish interior designer Martin Brudnizki. As a result, there's a blend of both French classicism and a hint of refined modernity.

The new luxury hotel will feature 61 rooms, including 11 suites. In addition, the luxurious design is described as both whimsical and deliciously warm.

Leslie Kouhana, President, and Kimberley Cohen, Artistic Director and Co-Founder of Maisons Pariente state, *"Le Grand Mazarin is a hotel that is above all for Parisians, a place where they can meet. It's a real bias that you won't find anywhere else. It will be the first urban hotel in our collection to embody our DNA, the Maisons Pariente spirit of simple, warm hotel luxury and sincere, generous service. We imagined Le Grand Mazarin as a place to live with multiple influences, a place to meet and share, a showcase of elegance where refinement sublimates the mix of styles and eras with fun."*

The Le Grand Mazarin will soon become a top destination for those desiring a unique Parisian experience. Day and night, enjoy a dining at its delightful restaurant. The amazing bar brings a new experience each evening. To cool down and relax, try the extraordinary swimming pool. As expected, be treated to a long list of luxury amenities and attentive, but discreet excellent service.
